

Maths Week
26th-30th November 2018

'Maths-Hatters' Competition Homework

For this week's maths homework, please design a 'maths hat' to be made in class next week as part of Maths' Week activities. On Thursday, Mr Vivian will pick the winning hat from each class and those children will parade their hats on Friday in assembly.

You can choose any area of maths and remember to be as creative as possible. Make sure you bring in any decorations/trimmings you need from home by Weds 28th November.
