

| Year 4 Home Learning  |  | Friday 28 <sup>th</sup><br>September  | Return by: Wednesday 3rd October<br>2018 |
|---|--|---|--|
| <p><b>Spellings:</b> Please practice your spellings ending with 'ture' using the activities in your spelling menu. You may have different spellings. We will have spelling tests every Thursday.</p>  | <p><b>English:</b> In English/ Grammar we have been learning about expanded noun phrases. Please write at least 3 expanded noun phrases about the people or objects in the 'Where's Wally' image. Show your expanded noun phrases to an adult. Can they find the people or objects using your expanded noun phrases? Can you make your expanded noun phrases more specific?</p>  | <p><b>Reading:</b> Please read your Accelerated Reader book. You are not expected to do the online quiz until you have finished the book. We will talk about your book in class so be prepared to tell us all about it.</p> |  |
| <p><b>Online:</b></p> <p>We logged into our Times Table Rockstars accounts this week and practised our timestables. Please use your username and password cards to login and continue practising your times tables at:<br/><a href="https://trockstars.com/">https://trockstars.com/</a>.</p> | <p><b>Mathematics:</b> In maths we have been learning about place value. Having a good understanding of the value of each digit in a number is vital in primary-school maths. Look at the three numbers on your maths work sheet. Please use objects or pictures to make each number. How could each number be the odd one out? For example, 7,000 is a multiple of 1,000; 372 is the smallest number; and 5,875 is an odd number. Discuss this with an adult to clarify, refine and extend your understanding of place value.</p> | <p><b>Other:</b></p>  |  |

**Parent/Carer Messages:**

- The children will need their PE kits on Thursday and Friday.

**Parent / Carer Comment:**
