

Year One Weekly Update

HOLLICKWOOD

Friday 15th November 2019

Messages:

22/11/19: Year Ones class assembly @ 2.45pm

Please remember to bring your spelling book, homework folder and reading book in **every Wednesday!** Your home learning will then be returned to you on **Friday**. This allows the Year One team enough time to prepare your work and send it home.

PE kits must be in school every **Tuesday** and **Thursday**.

Maths

This week we recognised and named 2D & 3D shapes. We also sorted these shapes into groups. Finally we made patterns using shapes.

Next week we will be starting a new block called Block 4: Place value. Numbers to 20.

Phonics / Spellings

This week we learnt the ie in pie, i_e in like and aw in paw.

Next week we will be learning the oe /oa/ in words like toe and u_e /ue/ in words like cube.

English

This week we finished our story 'The Princess and The Fog'. We made leaflets to help other people to deal with the fog if it visits them.

Next week we will be starting our new book 'Not All Princesses Dress In Pink'. As always do not read this book with your child as it ruins the teaching sequence.

Topic:

This week continued to learn about animals who hibernate and animals who migrate. We took part in a science experiment that explained how hibernation worked.

Next week we will be learning about schools in the past. We will be comparing our school to Victorian schools. I wonder which school the children will like best?

Homework

Your homework is to learn your lines for assembly next week.

Have a good weekend, Love Miss OBrien x
